## The ultimate **external screening solution** for any outdoor area or window

Privacy and protection all year round. Ombra keeps you shielded from the elements and insects, regardless of the season. Whether it be an alfresco, pergola, veranda, or balcony, Ombra is the perfect addition for any outdoor entertaining area.

Also ideal for home and office windows, it serves as a sleek, secure, and durable alternative to traditional awnings & outdoor roller shutters. Your custom designed system can be made in widths up to 5.8 metres or an impressive 7 metres with Ombra Extreme, offering you an external solution to fit almost any area.

## HIDDEN z-LOCK™ TECHNOLOGY

Breakthrough z-LOCK™ technology provides a unique fabric guide, fastening and securing the welded zip and fabric concealed within the side channels; creating a strong, smooth and streamlined system.

The hidden z-LOCK™ function ensures no gap between the fabric screen and side channels and a secure guided movement that won't blow out in the wind.

HEADBOX SIZE OPTIONS

Ombra Aluminium Colour Range

Be creative & transform your outdoors.

Whether you like a contrasting look using opposing colours, a similar tone for a subtle variation, eg. Headbox to match the gutters and the bottom rail to match fabric. The Ombra colour range can provide endless possibilities.

## Exterior Fabric Colour Options

### Colour, Texture and Pattern

When selecting your screening fabric consider the colours on your exterior such as the roof, guttering, bricks and other finishes. Every colour in the Ombra range will work harmoniously with the COLORBOND® exterior palette.

Whether you like a contrasting look using opposing colours, a similar tone for a subtle variation or an exact match for a uniform finish, the Ombra colour range can provide endless possibilities.

### Smart Phone Control

Have total control right in the palm of your hand, whether you're home or away. Our Ombra shades can be controlled directly from your smart phone, using Automate motors together with the Automate Pulse hub. Receive live animated shade feedback, through the Automate app, and know exactly what your shades are doing.

### Voice Control

For the ultimate comfort and convenience, Ombra Automate Shades are now compatible with Amazon Alexa and Google Home. Control your shades without even having to lift a finger, lower or raise them with a simple voice command instead.
